

Distinguished Service Award Nomination Form

The Distinguished Service award is to honor those who throughout their career have elevated the standards of the engineering profession and have made positive contributions to society through their civic involvement. The recipients of this award have demonstrated a sustained commitment to the community and public leadership.

Nominees have made a significant contribution to our state and to the engineering profession, bringing recognition to the profession through public office and/or civic leadership. In addition, these individuals have had a distinctive participation in ACECNJ and other professional and technical activities and societies. Recipients of the distinguished service award are seen as pillars of the engineering community, and are recognized for their professional contributions.

In order to accurately review your nomination's eligibility, please refer to prerequisites below.

PREREQUISITE (check a minimum of 3 which apply)

- Involved in the engineering profession for a minimum of ten (10) years
- Active in Local, County and/or State Government for a minimum of ten (10) years
- Evidence of influence on policy decision making on issues affecting the profession
- Has recently contributed to quality of life enhancement
- Evidence of adding value to the practice of ACEC NJ member firms in the state of NJ
- Has directed a major capital program influencing engineering profession labor force

Nominee's Name & Affiliation
